

Testimonial

I joined River Tees Hospital School in September 2025 after gaining extensive experience in both mainstream and specialist educational settings. Having completed a Master's degree, I was motivated to pursue Primary Teacher Training, enabling me to combine my academic background with practical experience and further develop my passion for supporting children and young people.

I was particularly drawn to RTMAT because of its unwavering commitment to both its students and staff. The Trust's core values, its dedication to excellence, and strong culture of collaboration create an environment where both students and professionals can thrive. The exceptional work carried out across the Trust each day, combined with the positive relationships fostered between colleagues and learners, reflects a genuine commitment to achieving the very best outcomes for young people.

I am incredibly proud to be the KS3 Teacher at River Tees Hospital School and to work alongside such resilient and inspiring students every day. Supporting them to overcome barriers, achieve their individual goals, and realise their potential is both a privilege and a constant source of motivation. Seeing our students grow in both confidence and independence is one of the most rewarding aspects of my role.
